

CLAIRE TUCKER

Head of Public Law and Regulatory
Johannesburg, South Africa

T: +27 11 669 9402

E: claire.tucker@bowmanslaw.com

Overview

Claire Tucker is a partner at Bowmans and the head of the Public Law and Regulatory Practice. She was appointed a partner in 2003.

Her Masters degree in Law and Development make her well placed to assist in projects involving the interface between law and policy. She has worked on a wide range of regulatory matters including drafting of laws and regulations, High Court review applications in respect of decisions on regulatory matters, the interpretation and application of statutes as well as commercial and transactional advice.

She specialises in energy related matters and particularly in procurement and government contracting aspects of this.

Experience

- The South African National Treasury and the Department of Energy procurement process for renewable energy, baseload coal, baseload gas including imported LNG in South Africa, all aspects of the design and implementation and drafting of the procurement process documents, and implementation of the process, as well as evaluation of bids and negotiation with preferred bidders. Drafting amended legislation and regulations to facilitate these programmes.
- Department of Energy – national solar water heater programme for the supply, installation and maintenance of 1.75 million solar water heater systems in residential homes throughout South Africa as well as the repair of existing solar water heater systems, design and implementation and drafting of the procurement process documents, and implementation of the process and assisting with any challenges to decision making.
- Eskom Holdings SOC Ltd – all aspects of the development, construction and procurement processes for the Medupi (6000MW) and Kusile (6000MW) coal fired power stations, and successfully defending high court review proceedings relating to decision-making for these coal fired power stations;.
- Gidani, the second operator of the National Lottery – various High Court reviews, undertaken on an expedited basis, which successfully challenged the Minister of Trade and Industry’s decision to award the licence to operate the national lottery (as the third national lottery operator) to lthuba Holdings (Pty) Ltd.
- A private party tenderer who challenged on an expedited basis a pipeline supply contract awarded by Rand Water an urgent interdict was successfully obtained preventing the implementation of the pipeline supply contract pending judicial review of the decision to award the pipeline supply contract (ongoing).
- The private party consortium, which in 2015 successfully reached financial close for the City Of Tshwane (Pretoria) Metropolitan office accommodation PPP (Munitoria PPP Consortium), in relation to the procurement approval processes and MFMA principles applicable to financing, design, construction and facilities management concession for a new head office for the City Of Tshwane, including participation in the negotiation of final concession and project agreements, as well as the negotiation and settlement of the financing agreements.
- Various municipal entities of the City of Johannesburg, including Pikitup, Johannesburg Water and the Johannesburg Market and the City itself on various procurement disputes with contractors as well as National Treasury reviews of certain of the procurement processes of these entities.
- Various local and international financial institutions advancing funds to state institutions on the power and authority of the institution to enter the lending arrangement, including Denel, SAA, Transnet, SANRAL,

Eskom amongst others.

- The Western Cape Provincial government on a municipal and provincial broadband roll out, including extensive advice on procurement principles and grant funding principles in the municipal sector and the relationships between national, provincial and local government.
- Telecoms and broadband companies on various disputes with municipal entities with regard the use of infrastructure and procurement principles, including settling a long running dispute between the City of Johannesburg and a major supplier to the City.
- A leading car and truck rental company on various municipal contracts and the public procurement principles and PFMA implications of various transactions.
- The state party, National Treasury, lenders, sponsors and/or concessionaires on the regulatory and procurement aspects of public private partnerships, including the Gautrain Project, Prisons projects and state accommodation projects.
- Various state owned entities and municipalities, including Eskom, in relation to challenges to public procurement processes, including bringing and defending judicial review proceedings in the Supreme Court of Appeal and Constitutional Court.
- Various state owned entities on the application of the Preferential Procurement Policy Framework Act to their operations and assisting in the design of preferential procurement policies.
- Various international and local clients on various government tender processes and auctions of assets.

Claire's accolades include:
